Profile

As a computer enthusiast, I have a strong interest in the area of cybersecurity. I developed my passion for computer at the age of 16 when I started exploring and understanding how cyber-attacks are performed. As a member of the Lusófona Security Team. I have participated in Capture The Flag competitions on a global level, which has further expanded my knowledge and skills in the area.

Education

Secondary school

09/2012 – 06/2019

Carcavelos Basic and Secondary School, Lisboa

Along with the teachings taught during Secondary School, I acquired during this journey the skills of working in a team, having a good relationship with my co-workers and also allowed me to improve my self-learning ability.

CTeSP Cibersegurança

01/2014 - 02/2016

Ipluso-Instituto politécnico da lusófonia, Lisboa

The Higher Professional Technical Course in Cybersecurity (CTeSP) allowed me to acquire knowledge in various areas, such as: introduction to programming, wargaming, data networks and communication, Windows and Linux systems, cyberattacks and active cybersecurity.

Professional Experience

Telecommunications Technician

01/2020 – 09/2021

NOS telecomunicações, Lisboa

This work allowed me to independently develop basic skills in building coaxial and Ethernet networks. This reinforced my understanding of the network infrastructure and allowed me to apply my theoretical knowledge in a practical manner.

01/2022 – Present

Co-Capitão STL

Security Team Lusófona, Lisboa

Capture The Flag competitions are cybersecurity-based events where participants compete against each other with the goal of finding as many flags as possible by solving exercises that will increase their score and move up in the event's ranking.

07/2022 – Present

Costumer Service

NOS lusomundo, Lisboa

As a sales representative, I had the opportunity to improve important skills in managing relationships with customers, as well as ensuring the cleanliness and hygiene of the rooms and the replenishment of stock. This allowed me to develop important skills in task management and providing exceptional customer service.

Certifications

05/2022

Jr Penetration Tester, TryHackMe

I acquired knowledge in basic pentesting methodologies, network enumeration, and computer security tools, enhancing my skills and knowledge in this important area of information technology.

Pre-Security Learning, TryHackMe

03/2022

I have expanded my basic knowledge in cybersecurity, networks, and web attacks using the Linux operating system, improving my skills in this important area of information technology.
